**Canadian Pacific Loses in Case
Heard Before Wetaskiwin
Court—Assessed Costs**

(By Bulletin Correspondent)

WETASKIWIN, June 12.—Hon. Judge Lee has just handed in his judgment in an appeal by the Canadian Pacific Railways Company against the assessment of its lands, over 1,000 acres, in the town of Wetaskiwin in the Municipal District of East West Lethbridge. Many witnesses were examined, including experts from Calgary, and elsewhere on behalf of the company, and it was found that the assessed values of the greater number of the quarter sections were less than the prices C.P.R. paid for the land at the time of purchase last, but the company claimed that the value of the lands had increased in any event that the prices were too low. In 28 year term contracts, they contend, the condition is the proper criterion of value. There was considerable evidence offered by the company between the witnesses on each side as to what land could be regarded as suitable for agriculture, and as to the quarter section, and as to the value of the land.

Hon. Judge Lee stated that he had arrived at the conclusion that the C.P.R. had been right in its contention that the assessments or any of them have been made at or below their fair actual values, and he said that in his opinion the company had established that all the lands had been assessed at or below their fair actual values, and therefore dismissed the appeal with costs against the C.P.R.

The Wetaskiwin baseball team defeated Camrose on the local diamond 7-1. The pitcher for the visitors was W. H. Dunn and D. G. Delourme and Harry was catching. The twirler for Wetaskiwin, was done by B. M. Craig, who was Lunder receiving. Dr. Craig of Camrose.

The first part of the week a crew of drillers left here to renew operations at the oil fields of the Oil Drilling Co., Limited, twenty-five miles east of Wetaskiwin. This is the new camp which was started last year and took over the holdings of the old Wainwright Oil Development Co. Limited. In addition to the interests west of Wetaskiwin, the company also owns the rights in Wainwright-Irma field. This company is composed of established citizens, those who are closely watching the development at Pigeon Lake and the oil fields. The company has one of the best propositions in Western Canada and the well may be expected to bring in \$100,000. It might be expected that a good flow of oil will be produced very soon.

Prof. Rowan strenuously advocated the proposed action of the government in transferring the thousands of bushels of grain now held in the reserve at Great Slave Lake, to the meeting of the Kiwanis Club, Tuesday evening, June 11.

Reasons given for this objection were that the two hundred thousand bushels of small birds of wood being stored in the north country until more is known of the wood bison. They were collected from the hillsides, causing pain and having them analyzed to determine if they were fit to eat and to find out how much damage the birds did. Farmers in some cases have been compelled to leave their community when cleaned out by the ravages of the birds.

The C.G.T.L. of the Methodist church has an excellent enterprising young man in charge of the building when the building was packed to the doors. A stage had been arranged which consisted of club swingings, chairs, tables, etc., and after the meeting, all the participants taking part in the services.

Another of the "old" settlers of the area is Mr. John Alexander, who at the age of sixty-two years, has been a resident of the province until the year 1891, when he returned here since that time with the exception of a couple of years spent at Brandon, Manitoba, and a son and family of two sons and four daughters, all of whom are still here. Wednesday afternoon, when a large number of friends assembled to pay him a visit, he had been ill for some time with poor health for some time with heart trouble, and just after driving into his yard, he had a fatal stroke and died.

He was born in Wainwright, Alberta, and had been a teacher in the public schools of the area for many years. His wife, Mrs. Alexander, is still living, and many of them when killed were found to be unfit for food. The professor concluded a

Makes 8,500 mile Trip on Dory

Just a few days after the new Canadian Pacific Coast Guard was formed, S.S. Princess Margaret entered the Victoria Harbour after her Maiden Trip to the Orient. She made a little 25 foot dory all alone away from the quay almost under the nose of the new arrival bound for the Old Country. The Princess Margaret and her first Naval command was on the Tamarack on which he commanded the transports of the British Peninsula and in the China Seas against bandits.

The half-moon as commander Maude has maintained has an auxiliary of 100 men, and the ship will fall back in case of claims or adverse weather.

Very interesting address by referring to the history of the Royal Canadian Navy are bound up in the ambitious enterprises of this venerable Commander. The first ship to be named after Maude was first Lt. aboard the Royal Yacht of Her late Majesty Queen Victoria. The Princess Margaret and her first Naval command was on the Tamarack on which he commanded the transports of the British Peninsula and in the China Seas against bandits.

forwards, and had been a resident of the town for nearly twenty-three years. The funeral took place Tuesday. Interment being in the cemetery of Pleasant Prairie. Services were conducted by Rev. Father Walraven.

The report of death called at the home of Mr. John Krause of Pleasant Prairie, and the minister, Rev. Father Walraven, removed his wife, Mary, after a lingering illness. She was a widow for nearly forty years and four months. She has been residing with her son, Rev. Father Walraven, who leaves a husband and grown up family of two sons and a daughter. The funeral took place Thursday, interment being in the Lutheran church cemetery at Pleasant Prairie.

Miss Katie McCormick was in town to attend the opening of the first camp for the Canadian Girls in Training at Ponoka. She is the representative from LaCrombe, Ponoka, Olds, Okotoks, and Lethbridge. Miss McCormick is the representative of the meeting, but owing to the uncertainty of the date of the meeting, she did not go to the Methodist Conference in Edmonton. It was not very well attended. Rev. Mr. McCormick, however, was asked to take the chair and Mrs. Baucus was elected president of the conference. The general committee for the district was selected.—Rev. Deer Advocate.

Red Deer won out over Ponoka at the football game on Saturday evening, getting the only goal scored. The Red Deer team owing to unavoidable circumstances, had to leave, and pressed some reserves into service. The Ponoka team, however, was not as strong as they have been on other occasions. Handie, playing left end, was the star of the show, running the ball on the first half when he put in a fast line and from quite a distance into the Ponoka goal. He did not stop it, either, because he did not know where he was going outside.—Red Deer Advocate.

The record recently established at Brandon when 114 horses worked in one day, was broken by 115. Mr. and Mrs. C. W. King has been broken at Gadsby. When the neighbors of J. R. King, who was a member of the 10th arm, put in his 109 acre crop, 39 of the 112 horses. The crop was put in in a single day.—Wetaskiwin Times.

A meeting to explain and discuss the proposed new Education Tax Act was held in the Brandon Hall, Steettinius, on Saturday last. The tax, which is to be levied on the amount of money spent on the roads from the heavy rains that have caused the closure of rural schools from Big Valley, Castor and Hartshore, was well known to citizens. Albert Patrick Genz, passed away at Brandon on Monday. He had been in poor health for several years. He had a number of children.

BRANDON, June 12.—Andrews, a driver in dry and heavy weather, was probably fatally injured, and a woman was severely injured in a crossing accident when their auto was hit by a truck. The woman was taken to Brandon Hospital, and the driver to the hospital at Kinsmen, near Kinsmen.

Dreher died in the Brandon Hospital. The truck travelling at forty miles an hour, struck the side of the automobile, hurling the car 40 feet.

Wither was the victim of an automobile accident at 10:30 p.m. Sunday night. He was a mechanic, 30 years of age, and had only completed last week.

**BISHOP OF OXFORD
DIES AT OLD AGE**

LONDON, June 12.—(Canadian Press Cable)—Rev. Dr. Hubert Murray, 82, died yesterday morning. He was in his 82nd year. He was born in London, Ontario, and had resided there for eight years prior to his appointment as Bishop of Oxford.

Bishop Murray's appointment as bishop of Southwark in 1911, constituted the first instance of a revival by the Asquith administration of a practice which was very common in the episcopal branch largely because they had earned renown as school masters.

**ARDOR OF SPORTSMAN
NOT DAMPED BY YEARS**

LINDON, Neb., June 11.—James W. ("Bill") Lundy, 82 years old, held his ranks well toward the top of the senior citizen's list.

Lundy, who is an assistant sergeant-major in the army, plays with the town grid team and last season was not pulled out of the game either by

injury or by the coach. He was a member of the house two years ago and accepted the appointment this season.

At Sargent, Neb., where Lundy is a citizen and a football player, the ardor of the senior citizens' team has gained him a prominent place.

His son, the younger Lundy, joined his

TAXES AND THE CROP.

At a gathering of homesteaders at Montreal one speaker drew attention to the fact that taxation in Canada, Federal, Provincial, Municipal, costs the farmer one-half of the total powers from his farm crops, amounting to \$651,000,000.

We seem to be getting reasonably near the condition of things in Russia, where everybody works for the state, and is allowed to keep only enough to live on. Yet there are all the elements of discontent, and the greatest complaint because things is it raising the greatest complaint because things do not suit him. He and he alone should be gratified that his ideas are being worked into practice in an indirect way. But from the nose he is making the nearer we approach to his crazy idea the less he likes it.

ONE CLASS OVERLOOKED.

The embargo which forbade the importation of live stock from the United States has been lifted; just in time to let the parties get across the state to the western provinces. The coast, though that had nothing to do with it. The hoof-and-mouth disease has apparently been got under control in the western States and the safety of Canadian stock no longer requires the protection in the opinion of the authorities.

It is the same story in the U.S.A. Vancouver bloods wasted on the trees last year, and the protests that were made by business men, newspapers and local members of Parliament against a repetition of the orgy, it would seem to have been in order for the residents to petition the Dominion to keep out of the U.S.A. the hoof-and-mouth disease.

If the horse and cattle do not need protection there is evidently a large herd of jackasses at the coastal cities who would be better off it.

FROM BAD TO WORSE.

Bloodshed has early followed the decision of the Nova Scotia miners to wreck the mines by preventing the operation of the pumps. That is what commonly follows when one side to an industrial dispute resorts to aggressive force. While the miners stood on their right to refuse to work in the pits, the operators had the right to demand that they gave nobody just cause for offence and undoubtedly had public sentiment strongly in their support. When they decided to flood the mines, that is what it amounted to, they announced that they did not care for public sentiment and were willing to fight the law as well as their former employers.

Maintain the reports are that the water is rising in the pits, that pumps are becoming submerged and useless and the process of flooding thus automatically speeded up. Just in proportion as the miners gain power of the pits the operators getting back the words of miners diminishing. Coal cannot be dug out of flooded mines if an agreement were made today. And what has been happening does nothing to make the outlook for an early settlement brighter. Of all stupid ways to go about getting a tied-up industry going again that of destroying it is surely the proudest winner.

THE TIME TO HELP.

Citizens are being reminded that the summer fair is only a month away, and that the plans have not yet been made to help the miners. There are many ways in which the individual can help to make his event a success, and how the time to exert the effort. The attendance at a fair, and the financial results of it, depend upon the amount of publicity it is given before-hand. Without advertising an undertaking of the kind cannot be successful, and—within reason—the more energetic the advertising the larger the results.

Direct advertising is one of the duties of the Exhibition Association. But the business man and the private citizen can help very materially if they take pains to make known to their business associates the fact that the miners are working a worth-while scale and that the visitor from a distance will get value for the money he spends in attending it. As the taxpayers of the city have staked a large investment in grounds and buildings, they are accountable should the miners prove to be a definite financial burden personally interested in doing what may be done to make the fair known before-hand as widely and as favorably as possible.

THE REGINA RATE CONFERENCE.

Representatives of the Governments of Manitoba and Saskatchewan have been in conference, with representatives of business interests in those provinces, concerning freight rates and what ought to be done about them. The main conclusion is that the

First that the Crow's Nest rates should be maintained, and four and that rates westward should be negotiated with them. Second, that there should be statutory limits to rates in parts of the country where the railways do not have to light water transportation.

Just what the first resolution means depends on what is meant by "equalized." Rates on grain to Vancouver have been already "equalized" with rates to Ft. William in the sense that they have been made the same, slightly lower in point of fact, than the eastward routes. It is a long story. It leaves out of account altogether the fact that it is only half as far from Alberta points to Vancouver as it is from the same points to Ft. William. In other words that it costs twice as much to ship a bushel of Alberta grain a mile westward as it does to ship eastward. With this and the interests which centre in the grain exchange there would be little to be happy to have rates stabilized on that basis. But the proposition that the farmers of Alberta should be penalized by having to pay double the eastward mileage rates is not a reasonable one. The government of this province should fight to a finish.

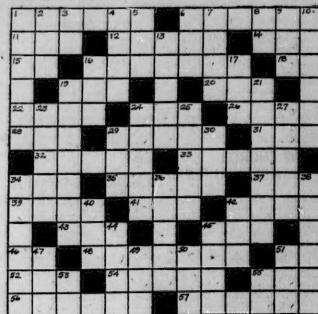

The second conclusion of the Regina conference looks better on paper than it does in practice.

THE EDMONTON BULLETIN, SATURDAY MORNING, JUNE 13, 1925

That water competition keeps down railway rates is largely a myth. The shipping of grain from Ft. William by boat as by rail. That was not because the ship-owners had forced the railroads to cut their rates, but because they had boosted their rates to the railway level. If there is real and effective competition between the ship-owners and the railways, why the cry a couple of years ago that Parliament should do something to break the lake shippers' combine, and the special legislation that was enacted to that end? Statutory limitation of railway rates is needed, but it is needed where there is water competition, or alleged competition, as well as where

With the Humorists

Irate Customer—"Here; look what you've done!" Laundryman—"I can't see anything wrong with that lace."

Princeton Tiger—"I was a sheet!"

Insurance Agent—"My dear sir, have you made any provision for your dog?"

Harpudge—"Yes; I put the dog at the door and told the servant to eat me out of town."

Mrs. Hawking—"And have you made all the arrangements for your maid?"

Mrs. Perkins—"Well, not quite all. I've got my pyjamas ready and am going to send a 'head' a suit of clothes and get him to make up a bed for me and then I'm to name the 'appy day.'

"Times have changed."

Jinkies! I'll say. It used to be when a man was sent down he took a ton when he takes an ambulance."

The little daughter of the house watched the minister who was making a visit to the church finally eat down beside him and began to draw.

"What are you doing?" asked the cleric.

"I'm making your picture," said the child.

The minister sat very still and the child worked away earnestly. Then the minister reached over and shook her hand.

"I don't like it much," she said.

"Isn't it a great deal like you?"

"I'll put a tail to it and call it a dog."

EDMONTON POLICE SPORTS WILL BE HELD THIS AFTERNOON

RECORD NUMBER OF ENTRIES FOR CLOSED AND OPEN EVENTS

Five-a-side Football Match—Horse Racing—Meet Should Be Most Successful—To Be Held at South Side Athletic Grounds

This afternoon at 1:30 the Annual Sports Meet of the Edmonton Police Amateur Athletic club will start off with a bang. All indications this meet will be the most successful pulled off by the Police. There is a record number of entries in all the events and it is quite possible that at least one of the Alberta records will be lowered. This meet is the first one of the season and it will be well worth watching. In addition to the track and field events there will be the five-a-side football match which has been run under the guidance of Bob Stevenson. Two harness races will also be run off and they will no doubt prove an attraction to the followers of the racing game.

After Jennings' Title

In the events confined to the Police, these will be most competitive as the track and field will be up to the winner of the Highest Aggregate Points, while the football will be won by Reg Jennings, but there are several of the other members who think that they can beat him. This year, as a lot of secret training has been done.

In the open events, Ross Sheppard will be seen going strong and after the last race he will be the man last year should make a clean up in the prize list.

The Edmonton and District Tennis Tournament is to be held on the grounds at 11 a.m. Saturday. The spectators will have an opportunity of seeing this tournament made up of the strongest.

There will be something doing every hour of the day.

The program is a rather lengthy one and all the competitors will have to be on their toes. The one called "the race" the event will go on without them.

Reg Jennings has got the grounds in splendid shape and has everything set up for the meet.

The following is the complete program for the events giving the times at which the various events will be run and the details of the program will be entirely adhered to:

MAYOR BLATCHFORD DONATES TROPHY

All clubs intending to compete in the annual games to be held in the city should show their entries in writing with the secretary, Sergt. A. H. Irvin, at 1017 Jasper Avenue, Edmonton, on Friday night June 13.

Worshipper K. A. Blatchford has donated a cup for individual competition amongst the members of club.

A meeting of the sports committee will be held in the police court room on Friday evening at 8, to draw up the schedule of play.

The Well-dressed man

He Listens to Us

Kapitan K. A. Blatchford that one man who appears what we have to say about clothes-cleaning is the well-dressed fellow—the man who wants to look his best.

Economical folks are amazinly well dressed. This applies to women as well. Entertainments don't need style. Let us make it.

THRILLING RACE AT BLUE BONNETS

VALANTINE DEFEATS MR. PEPP IN GRUELING BATTLE TO WIN WESTMOUNT PURSE

The organization meeting of the Gys Ball League brought together twenty-four representatives, who may claim were rumors of a few more, last minute entries that will be made.

After a short discussion it was decided to adopt the 12-inch outside ball and to use the 12-inch diamond in diameter at the ticketed parks, preserving the game to the rules as laid down in the Alberta A.A.U. book. Owing to the fact that the Westmount park was not available, the men were advised to make up the opening game to 6 in the first, the Giant's home to 7 in the second, and the Blue Bonnets to 8.

The Men's League is to be ushered in with an exhibition game to be played at the Giant's home on Monday, June 13, at 2 p.m. purse, \$100.00.

All the players on the various teams in the league will occupy the Westmount park, and the spectators are invited to see how it should be.

The following schedule should be followed by the players and posted on the bulletin board.

The dates, teams and grounds follow:

WHAT THE PRODUCERS SAY

PLANTATION DAYS AT THE PANTAGES

Southern Musical Comedy
With 25 Artists Opens on
Next Thursday

It was almost two years ago that "Plantation Days" made its appearance at the Pantages theatre and won the hearts of Edmontonians because of the attractive nature of the entertainments given. Next week opens the Pantages' theatre with "Plantation Days," a 1923 edition of "Plantation Days," a musical comedy with twenty-five artists. It is coming to Edmonton after appearing in all the Southern cities, and while many of the old favorites are retained in the cast, several new ones have been added.

Just run the eye over this list of talent. Jones and Jones in their charming clowns of the Southern negro, offer the public a unique and original type of the infectious order. The Five Guardsmen, a company of five entertainers in a fast moving singing, dancing and acrobatic program in which everything is done to the wildest of whirlwind dancing is introduced by the author of the blues notes blues singer in a program of lively songs. The famous Allee and Allen Lee, three joyous syncopators in a melodious program. Flanders and Clark, the famous vocalists of melody music and syncopation, and many, but not all, of the Pepper chorus of eight beautiful and shapeless clowns, who offer some of the prettiest jazz dancing ever witnessed in the Edmonton stage. They are all here.

Popular Southern melodists and the very latest jazz numbers complete the musical program. Dixie and his orchestra, led by the well known musical director, Eddie Rector, will repeat his success of two years ago when he first appeared at the Pantages theatre. In addition to "Plantation Days," next Thursday's program will include the four curtain of the popular "Screen comedy."

Reserved seats for the night shows are now available for the ladies and also tickets for the ladies' matinee next Thursday afternoon.

BRIGHT BLUE HATS

The bright blue hats which were ordered had been challenged by the one of bright blue. Yellow, too, is coming in for a large share of attention.

MISS VIOLET JOHNSTON VIOLINIST AT CAPITOL FOR SECOND WEEK

Miss Violet Johnston, violinist at the Capitol, has postponed her engagement at the Capitol one more week. A complete change of program is planned for the opening day at the Capitol next Friday.

Saturday and Wednesday, June 17 and 21, will see Miss Johnston, the famous violinist on a tour from coast to coast for Capital Entertainment. Her engagement terminates on Friday night next.

ARGENTINE LOVE AT CAPITOL TODAY

Bebe Daniels and Ricardo Cortez Are Featured in Principal Roles

Bebe Daniels and Ricardo Cortez, featured in the principal roles of the Alan Dwan production, "Argentine Love," will be presented at the Capitol theatre for three days starting today, will provide Edmontonians with one of the finest exhibitions of dancing to be seen in Canada.

Miss Johnston, the violinist, will be at the Capitol next Friday.

Tom Mix Coming SOON TO EMPRESS

Tom Mix has become revolutionary, demonstrating a remarkable ability to make utterly unbelievable what he has side-tracked his chaps and sombrero and donkey. He has added to his record as the early-day bandit of Old England for his latest production, "Dick Turpin," which marks such a decided departure from his usual screen heroics, as songs and dances, and the picturization of "Dick Turpin," an outstanding feature of the Empire theatre beginning Saturday evening.

Turpin, you know, holds the record as England's boldest bandit of all time. He was a man who would stop at nothing to rob the rich to feed the poor. He was a man who fought with History somewhat in this film version to allow him one of the most remarkable scenes ever put on the hand of one of the fairest ladies in the land, the Queen of England, a woman.

According to the consensus of opinion among critics elsewhere, Tom has proven his versatility as an actor of established merit, and his latest portrayal of his, Tony, his namesake, has been well received.

He has been featured so many times in the part of a prancing, dashing, other-had to be substituted to serve the rôle of Turpin. He has the mighty steed which broke all road records.

"Thank you, old chap," said his friend. "I told you tomorrow that I'm to be married."

"Yes, answered the other. "I know that."

"THE SHOCK PUNCH" TODAY AT EMPRESS

Action, Punch and Comedy Are Outstanding Features of the Production

Action! Punch! Red blood! Comedy! That will be the order of the day at the Empress Theatre where the Paramount production, "The Shock Punch," starring Richard Dix, opens today.

"Welcome Home" the James Cruze Paramount production which will be shown at the Empress Theatre on Wednesday next, is described as a story rich in humor of the sort that could be fitting with the cast of Lois Wilson, Warner Baxter and Luke Clegg.

"The Shock Punch" is a screen version of the Monk Saunders Liberty Magazine story, adapted for the screen by Walter Woods and directed by John Ford. The story concerns a widower—who comes to the city to find that his wife tells the husband that she left him because he left her at once—the two of them can't get along together under the same roof. But they do, and straighten everything out in a satiric fashion.

Supporting in support of the leading players are such well known stars as Bert Lytell, Margaret Corrigan, John Qualen, Lew Western and others.

The story concerns the heart-interest and genuine appeal of a crammed house.

"The Shock Punch" is a typical Dix entertainment.

DECLASSE IS COMING SOON TO CAPITAL

Supported by one of the strongest casts of players Cormac Griffin will open the Declasse at the Capital next Sunday evening in a powerful English society comedy, "Declasse," the story of which was made famous by Ethel Barrymore. Social Side of City Life

IN THE WILD WOODS
Away, away, from men and towns,
To the wild wood and the down—
There the soul need not repress
Its music, lest it should not find
An echo to its song.
While the touch of Nature's art
Harmonizes heart to heart.—Shelley.

MARKETS

HEAVY DECLINES DEMAND BRISK ON FEATURE MART CATTLE MARKET

Lack of Export Demand and Reports of Favorable Weather Cause Drop

WINNIPEG, June 12.—Lack of export demand and reports of favorable weather were the contributing factors to lower prices on the Winnipeg grain fed cattle market where heavy declines in prices were recorded at July 12, when the record price of \$2.8 for the choice classed was off \$2.2 for the 2-4 lots in October at \$2.4.

Following the sharp drop in prices, there was a general demand for a moderate buying demand. The general opinion held that there would come down to a point where the foreigner will come in and buy, but the market is still remaining in Canada.

The feature in the coarse grain market was the strength in oats. Prices after an early loss, recovered to 72 cents per bushel. Exports were reported good, both oats and barley. Ryegrass

Cash wheat was features.

An excellent market was maintained with estimates placing the trading at 500,000 bushels.

HAITI BENEFITS BY U.S. CONTROL

Activities Necessary to Rehabilitation Supervised by Americans.

PHILADELPHIA, June 12.—The accomplishments of the United States during the occupation of the island of Haiti has been extended over many years and worthy of note. All activities connected with the rehabilitation of the country have been supervised and directed by Americans, with the great outstanding result of this work being the knowledge of all classes, especially the working class, that they are free of the menace of poverty and that they can improve their lives as never before. The poorest man in the country now will be pleased in his home, that he has the right to enjoy the fruits of his labors and that his possessions are safe.

Americans returned to Haiti in July 1915, and American marines were landed for the protection of the lives and property of the Haitian citizens. Two months later the United States made a treaty with Haiti by which the former country agreed to itself to remedy the financial situation, and to establish a constitutional republic.

At this time Haiti was bankrupt,

with a national debt of \$22,000,000.

Also she had no credit. Today the na-

tional bank is in operation, and the currency is at par in the world's markets, a modern budget sys-

tem is in operation, and a cash re-

serve of \$1,000,000 has been built up,

and a modern system of taxation is in

operation. Sanitation has been im-

proved, and dispensaries are main-

tained in all the towns and the most stringent regulations are en-

acted to overcome the ignorance of patient effort to overcome the ignorance of the natives and the influence

of the mafioso. Today the na-

tive people are flocking to the

schools, and the native population

is being checked and native doc-

tors and nurses are being trained.

Haiti has had peace and security.

Businesses have returned to their homes

on a basis of trust, and foreign trade

is perfectly safe in any part

of the country. The United States com-

misioned officers and 2,500 Ameri-

can military officers. They have entire

control of the judiciary and the

police force. They have entire

control of the financial and economic

affairs of the country. An American

has been appointed to inspect

the financial and economic affairs

of the country.

The financial and economic uplift

of the country has been accomplished

through Haitian resources and

the financial support of the United

States government with Lingling Gen-

eral John H. Russell, United States

misioner, and his staff of American

experts. The results of this work

accomplished there is a long road

ahead. Clinton has laws and
